

Compressed Air Systems

Steps to Getting Your Rebate:

1. Confirm that equipment is eligible and obtain rebate reservation if required.
2. Purchase and install new equipment.
3. Submit completed rebate form and invoice.

Submit completed form and invoice to:

Mail: Efficiency Vermont
c/o Rebate Coordinator
128 Lakeside Ave., Suite 401
Burlington, VT 05401

Fax: 802-658-1643

E-mail: info@efficiencyvermont.com

For Burlington projects, submit form to:
Burlington Electric Department
c/o Energy Services Area
585 Pine St., Burlington, VT 05401

Need-to-Know Info:

- **New in 2013:** Rebate reservations are required for all boiler, furnace, and agricultural projects, and are recommended for all other projects. To reserve rebates for 90 calendar days, contact Efficiency Vermont at **888-921-5990** or visit **www.efficiencyvermont.com/reservation**.
- See Terms and Conditions on the back of this form.
- For more information or to confirm eligibility, visit **www.efficiencyvermont.com/compressedair** or call **888-921-5990**.
- Burlington Electric Department (BED) administers efficiency programs for the City of Burlington, including the rebates listed on this form. For more information, call 802-865-7342.

CUSTOMER INFORMATION & AGREEMENT

Business Name	Contact Name/Title		
Address (of installation location)	City/Town	State	Zip
Mailing Address (if different)	City/Town	State	Zip
Telephone #	E-mail Address		
Electric Utility Company	Electric Utility Account # (of installation location)		

Is equipment installed in a newly constructed building? Yes No If yes, provide project sq. ft. _____ (and see Terms & Conditions on back of form)

I certify that all equipment for which I am requesting a rebate has been installed, that I meet the eligibility requirements of this rebate program, and that all information submitted as part of this application, including proof of purchase, is correct to the best of my knowledge. I agree to the terms and conditions listed on the back of this form.

CUSTOMER SIGNATURE (required even if rebate is going to vendor)

For Internal Use	W
Project # _____	

1 VARIABLE FREQUENCY DRIVE (VFD) ROTARY SCREW AND VANE COMPRESSORS

Eligibility Requirements

- These rebates are available for 10-40 horsepower (HP) compressors. (Custom rebates may be available for larger VFD compressors.)
- Compressors must be less than 90% loaded. (Compressors consistently loaded at 90% or higher do not benefit from VFD controls.)

Compressor HP	Rebate / Compressor
10-14	\$1,400
15-19	\$1,700
20-24	\$2,000
25-29	\$2,300
30-34	\$2,600
35-39	\$2,900
40	\$3,200

Fill Out Below

Compressor Type <small>(rotary screw or rotary vane)</small>	Compressor Manufacturer	Compressor Model #	Installation Date	Compressor Operating Hours / Year	Compressor HP	A = Quantity of Compressors	B = Rebate / Compressor <small>(see table)</small>	A x B = Rebate Amount
Total Rebate Section 1								\$

2 AIR RECEIVER TANKS FOR LOAD / NO-LOAD SCREW AND VANE COMPRESSORS

Eligibility Requirements

- These rebates are available for air receiver tanks of sufficient size for 10-40 HP compressors. (Custom rebates may be available for larger tanks.)
- Air receiver tanks must meet or exceed the minimum tank size (5 gallons of storage per CFM compressor output).
- Compressors must be non-variable speed driven and equipped with load / no load controls.

Compressor HP	Minimum Tank Size <small>(gallons)</small>	Rebate / Air Receiver Tank
10	240	\$350
15	400	\$525
20	500	\$700
25-30	660	\$1,000
35-40	1,060	\$1,300

Fill Out Below

Compressor Manufacturer	Compressor Model #	Installation Date	Compressor Operating Hours / Year	Compressor HP	Air Receiver Tank Size <small>(gallons)</small>	A = Quantity of Air Receiver Tanks	B = Rebate / Air Receiver Tank <small>(see table)</small>	A x B = Rebate Amount
Total Rebate Section 2								\$

3

CYCLING REFRIGERATED THERMAL MASS DRYERS

Eligibility Requirements

- These rebates are available for dryers of up to 300 CFM capacity. (Custom rebates may be available for larger cycling dryers.)

CFM Capacity	Rebate / Dryer
0-25	\$100
26-50	\$150
51-100	\$200
101-150	\$250
151-300	\$350

Fill Out Below

Dryer Manufacturer	Dryer Model #	Installation Date	Compressor Operating Hours / Year	Compressor HP	Dryer Size (CFM)	A = Quantity of Dryers	B = Rebate / Dryer (see table)	A x B = Subtotal
Total Rebate Section 3								\$

4

NO-LOSS DRAINS & AIR-ENTRAINING AIR NOZZLES

Eligibility Requirements

*No-Loss Drains: **\$100 / Drain***

- Timed Drains are not eligible.

*Air-Entraining Air Nozzles: **\$5 / Nozzle***

- These rebates are available for nozzles that use less than 15 CFM at 100 psi. (Custom rebates may be available for higher capacity nozzles.)
- Nozzles must be listed on the Compressed Air Eligible Products List, available at www.encyvermont.com/compressedairlist. (Equivalent products must be pre-approved.)

Compressor Type	
Control System	Control Code
Modulation	MD
Variable Frequency Drive	VFD
Load/No-load with 1 gal/CFM	LNL1
Load/No-load with 3 gal/CFM	LNL3
Load/No-load with 5 gal/CFM	LNL5

Fill Out Below

Drain or Nozzle Manufacturer	Drain or Nozzle Model #	Installation Date	Compressor Operating Hours / Year	Control Code (see table)	Drains only: System Pressure (psi)	A = Quantity of Drains or Nozzles	B = Rebate / Drain or Nozzle (see table)	A x B = Subtotal
Total Rebate Section 4								\$

REBATE FORM TOTAL Sections 1-4 \$ _____

TERMS & CONDITIONS

REBATE is for new equipment purchased and installed between January 1, 2013 and June 30, 2013 by customers of Vermont electric utilities. Rebate forms must be post-marked or received via email or fax by July 31, 2013. Rebate offer is subject to change without notice and may not be combined with any other offer. **REBATE RESERVATIONS** are required to reserve rebates for all boiler, furnace, and agricultural projects. Reservation forms must include quotes or proposals and are not effective until confirmed by Efficiency Vermont. **PRE-APPROVAL:** Projects with more than 100 items, or rebate payment greater than \$5,000, or any new construction project greater than 10,000 sq. ft. must be pre-approved by Efficiency Vermont. All new construction projects within the City of Burlington must receive pre-approval from Burlington Electric Department. **PROOF OF PURCHASE:** Invoice(s) must include the quantity, size, type, manufacturer, model or part number, purchase date, and vendor of the efficient equipment. All sales transactions and installations are subject to verification and inspection. **LIMITATION OF LIABILITY:** Performance of installed equipment is not guaranteed expressly or implicitly. **ENDORSEMENT:** No particular manufacturers, products, or system designs are endorsed through this program. **PAYMENT:** Allow 60 days for delivery of payment. Incomplete or missing information will delay processing of rebate form and payment. **MAXIMUM PAYMENT** will not exceed 100% of the equipment purchase price. Customer is responsible for all costs associated with sales tax, installation, and disposal/recycling. Customer is responsible for any tax liability associated with rebate payment. **CAPACITY CREDITS/ENVIRONMENTAL CREDITS:** In accepting these financial incentives, the customer agrees that Efficiency Vermont (or, for customers within its service territory, Burlington Electric Department) holds the sole rights to any electric system capacity credits and environmental credits associated with the energy efficiency measures for which incentives have been received. These credits will be used for the benefit of Vermont ratepayers.
