

# 2013 Project Caps & Incentive Structure for UI (Effective 03/19/2013 )

Lost Opportunity Measures	Energy Conscious Blueprint
Cumulative Cap per Federal Tax ID	\$800,000
Program Caps per metered site	N/A
Municipal Finance Cap (project /cumulative total per municipality)	\$100,000 / \$100,000
Lighting Measures	
Lighting Power Density - Tier 1: (>10% above Code) & Tier 2: (> 30% above Code)	\$0.15/sf & \$0.50 /sf
Fixture Cap	\$50/Fixture
Occupancy Sensors (beyond Code requirements for Lighting Controls)	\$20/fixture controlled
<b>Custom - Lighting; Advanced Lighting Controls, etc. (the lesser of)</b>	
Incremental Cost	75%
Measure Cap ( <b>greater of</b> )	\$0.25 / kWh <b>OR</b> \$700 per peak kW
Non- Lighting Measures	
<b>HVAC</b>	
Unitary / splits / ductless units ( units ≤ 30 tons) Refer to Web Site -Rebate	\$50 to \$120 per ton
Unitary / splits / ductless units (> 30 tons)	custom
Chillers & VFDs	custom
<b>Air Compressors (lesser of)</b>	
Incremental Cost	75%
Measure Cap ( <b>greater of</b> )	\$0.25 / kWh <b>OR</b> \$700 per summer peak kW
<b>Prescriptive</b>	
< 5 hp	\$0
≥ 5 hp < 40 hp	\$310
≥ 40 hp < 50 hp	\$240
≥ 50 hp < 100 hp	\$205
≥ 100 hp	See Custom - Equipment
<b>Custom - Equipment New or Replacement (the lesser of)</b>	
Incremental Cost	75%
Measure Cap ( <b>greater of</b> )	\$0.25 / kWh <b>OR</b> \$700 per summer peak kW
<b>Custom - New Construction (non-Whole Building Performance)</b>	
Incremental Cost	95%
Measure Cap ( <b>greater of</b> )	\$0.25 / kWh <b>OR</b> \$700 per summer peak kW
Whole Building Performance	
<b>Model Subsidy</b>	
Base or "Code" building model (paid when received)	\$3,000
High Performance building model (paid upon final construction)	\$3,000
<b>Building / System Compliance (Installation)</b>	
Whole Building Incentive (% better than code)	10% - 15% = \$0.50 / sf
Note: Incentive prorated for fossil fuel based on modeled \$ savings	15.1% - 20% = \$1.00 / sf
Participation in the Whole Building Performance is restricted to buildings	20.1% - 25% = \$1.75 / sf
30,000 sf or larger. Companies reserve the right to decide on a "case by case" basis	25.1% - 30% = \$2.50 / sf
	> 30% = \$3.00 / sf
<b>Certification Bonus (when associated w/Whole Bilding Performance track)</b>	
LEED Silver / 2 Green Globes	\$5,000
LEED Gold / 3 Green Globes	\$10,000
LEED Platinum / 4 Green Globes	\$15,000
<b>Enhanced Commissioning</b>	TBD
<b>Other Prescriptive Caps to be evaluated against the energy caps above (the lesser of):</b>	
Cool Roofs	\$0.20 /sf
EMS	\$500 / point
High Performance Glazing	\$2.00 / sf

## NOTES:

1. All calculated incentives for State "Lead by Example" projects will be reduced by 50%
2. All references to kWh savings shall refer to annual savings
3. Electric Distribution Company shall have final determination of Annual Energy Savings
4. Summer Peak kW reduction shall be coincident with: Mon - Fri, non-Holiday from 1pm -5 pm, June-July-August
